

Official Electrolyte Drink - Nuun Active Hydration

ON-COURSE FLAVOURS:

Lemon Lime and Tri Berry

Nuun (pronounced 'noon') is proud to partner with Lake Taupo Cycle Challenge and will offer their new + improved plant-based electrolyte replacement sports drink, Nuun Active, on course at key aid station points. With the shift in preference moving to natural sports nutrition, nuun is becoming increasingly attractive to athletes looking for a clean, high performance alternative.

You sweat - nuun active replenishes

Packed with an optimal blend of 4 key electrolytes, a light flavour and clean ingredients, nuun active hydration is a perfect sports drink for your active lifestyle.

new + improved

You Sweat, Nuun Active Replenishes.

New + improved! Packed with electrolytes, a light flavour, and plant based sweeteners and ingredients, nuun active hydration is the perfect sports drink.

nuun active has the same great electrolyte profile that has kept you hydrated for years, but now also includes:

- better performance: the addition of non-gmo sourced dextrose helps the body to absorb fluids more efficiently while still containing 1g sugar or less.
- clean ingredients: we used plant based sweeteners and ingredients to increase health benefits
- gluten-free, dairy + soy free, safe for clean sport certifications

Each Tablet Contains:

- Sodium: 360 mg
- Potassium: 100 mg
- Magnesium: 25 mg
- Calcium: 13 mg
- Vitamin C: 38 mg
- 10 calories
- 1 g of sugar

Other ingredients include:

- Plant based sweetener stevia leaf extract to provide a crisp and light sweetness
- Non-gmo sourced dextrose to increase the speed of absorption and hydrate you faster
- Avocado oil for clean, plant-based production

The new Nuun Active will be hydrating cyclists as they conquer the lake this November.
